Want to get more out of your education?

**Apply Today**
for an internship experience

First Deadline  December 2018

Available now  Coming soon

The Air Force Research Laboratory (AFRL) Scholars Program is seeking highly-qualified students for exciting research opportunities. Eligible candidates will:

- Have a strong interest in science, technology, engineering, and mathematics (STEM)
- Be enrolled or accepted at an educational institution taking at least half-time academic course load
- Be ready to gain hands-on experience under mentorship of notable scientists and engineers
- Be at least 16 years of age and a U.S. Citizen
